

HEALTH, SAFETY & WELLBEING POLICY STATEMENT

POLICY STATEMENT

Myhealth's mission is focussed on creating and maintaining a healthcare community where everyone can thrive. At the core of this is health and wellbeing and Myhealth takes the health, safety and wellbeing of everyone who works, practices or visits our practices and offices seriously.

We're focussed on ensuring that there is ownership and accountability for health, safety and wellbeing at all levels, and on integrating this as part of how we operate, to ensure our workplaces are safe and the health, safety and wellbeing of our people is prioritised.

We will do this by:

- Complying with all relevant Workplace Health and Safety (WHS) legislations and regulation, with consideration of guidance provided in WHS codes of practice and other appropriate industry practice and standards, in particular those of RACGP
- Embedding health, safety and wellbeing considerations into the everyday activities of Myhealth
- Creating opportunities where health, safety and wellbeing is encouraged
- Ensuring that work practices are regularly assessed, and the appropriate controls are applied to identified health, safety and wellbeing hazards and risks
- Ensuring anyone who works or practices at Myhealth has the appropriate information, training, expertise and/or experience required to manage any risks or hazards
- Enabling opportunities for consultation and communication to achieve resolution of any health and safety issues
- Continuously promoting the reporting of hazards and incidents and investigating these to prevent reoccurrence
- Prioritising mental health by providing support, tools and resources for anyone who works or practices at a Myhealth practice or office
- Recognising the importance of promoting and maintaining a culture of diversity and inclusion, where everyone is treated fairly and with respect
